

Selecting a school for preschool class

Preschool class is a separate type of schooling and is compulsory as of the beginning of the autumn term a child turns six. Guardians of children turning six must therefore select a school in the run-up to the 2019/20 school year.

Note that you must register your choice even if you select the school where your child has its basic placement. This is to help the schools with their planning. You will see the basic placement school for your child when you register your school choice.

If you choose a municipal school in Haninge other than the one where your child has its basic placement, it is the head teacher of the chosen school who will decide if a place can be offered. It *may* happen that a school, due to lack of capacity, cannot accept every applicant.

In Haninge municipality, freedom of choice applies only to the school, not to the choice of class, group or teacher.

Placement rules

Those children whose guardians select the school where the child has its basic placement will be placed first.

If the guardian chooses a different municipal school in Haninge, placement will be according to the following order of priority:

1. If the child has siblings who attend the requested school.
2. Proximity to the requested school (but outside the catchment area). This refers to actual walking distance, not as the crow flies.

Guardians who do not live together

If one of the guardians lives at an address other than the child's address in the civil register, both guardians must approve the choice for it to be valid. This approval must be made when information about admission is sent to the guardians.

Choice of free school (in or outside Haninge)

If you choose a free school, the application must be made directly to the school as it will have its own queuing system. It is the admitting school that will decide if your child can be offered a place.

If you have received placement confirmation from the free school and accepted it, note in the school selection "Other school in or outside Haninge" and proceed with the school selection to the question about which school you have selected. Enter the name of the school here. (The information is needed for school attendance monitoring and for school funding to be paid to the right school).

If you are not certain of getting a place in the requested free school, you should make a first refusal choice (and perhaps also as second refusal choice) to one of Haninge's municipal schools. You may decline the place as necessary later.

Choosing a municipal school in another municipality

If you want a place in a municipal school outside Haninge, the application must be made directly to that school. It is the admitting school that will decide if your child can be offered a place.

If you have received placement confirmation from the requested school/municipality and accepted it, note in the school selection that you have chosen "Other school in or outside Haninge" and proceed with the school selection to the question about which school you have selected. Enter the name of the school here. (Haninge municipality needs the information for school attendance monitoring and for payment of school funding to the right school).

If you are not certain of getting a place in the requested school/municipality, you should make a first refusal choice (and perhaps also as second refusal choice) to one or more of Haninge's municipal schools. You may decline the place as necessary later.

Note that Haninge municipality is not responsible for admissions to free schools or schools in other municipalities!

First language

Pupils whose native language is other than Swedish and the native language is used in the home on a daily basis, have the right to native language education. Select the native language on a special application form available at [haninge.se/forskola-och-skola/modersmal/](https://www.haninge.se/forskola-och-skola/modersmal/)

School transport

Pupils to choose a school other than their basic placement have limited possibilities for being granted school transport. Pupil's who have the right to school transport to their basic placement school may have the right to school transport to the chosen school if the trips to the chosen school do not entail extra costs for the municipality compared to trips to the basic placement school.

School transport refers to journeys in regular traffic (SL card) and specially purchased school transportation (school bus, school taxi, boat).

Further information is available on the Haninge municipality website:

Processing personal information

When you apply for a place at the school, we process your personal information in order to decide on a school placement. We process your personal information under article 6e of the EU's General Data Protection Regulation. (processing is necessary for the performance of a task carried out in the public interest or in the exercise of official authority vested in the controller).

The personal data controller is the pre-school and comprehensive school board.
